The Chill & Combi Menu at this charming spot on Paseo de la Asunción is a vibrant invitation to taste the heart of Mexican brunch. Nestled in Bella Vista, San Salvador Tizatlalli, Chill & Combi greets you every morning with sunlit coziness and a menu that sparkles with bold flavors and comforting favorites. Picture walking in as the aroma of fresh tortillas and chorizo greets you-you're immediately convinced that you're somewhere special.

A standout on the **Chill & Combi Menu** are the chilaquiles-rectangular chips bathed in lively salsa, topped with melted cheese, onions, and crema. My personal favorite? The **Chilaquiles con Milanesa**, a heavenly twist combining a crispy breaded cutlet with savory chilaquiles-a match made in flavor heaven that also ranks as the mostliked item on Uber Eats for this location . Just as popular are the **Chilaquiles con Pollo** and **Chilaquiles con Huevo**, both rich and satisfying and frequently ordered .

If you prefer something classic, the **Enchiladas**-up to four pieces bathed in sauce-are another menu highlight, always a crowdpleaser .

Breakfast lovers will delight in the **Los Huevos** section of the Chill & Combi Menu. Imagine an **Omelette Chill**, filled with house chilaquiles and manchego cheese, served alongside warm refried beans-truly a flavor hug, and highly praised by diners . Or go for the **Huevos con Jamón** or **Huevos a la Mexicana**, both comforting, wellseasoned classics that pair perfectly with those refried beans .

On the **Platos Fuertes** side, the **Tacos Dorados Ahogados** are a standout: golden, crispy tacos drenched in your choice of salsa, cheddarrich crema, and a tantalizing texture that captivates from the first bite . For something even heartier, go for the **Milanesa Gigante**-a generous breaded cutlet served with chilaquiles and refried beans-or the **Costilla de Res**, tender beef ribs paired with house chilaquiles and beans .

Sandwich lovers, take note: the **Torta de Chilaquiles** and **Torta con Chilaquiles y Milanesa** are inventive bites that layer chilaquiles onto soft rolls, with the latter boasting a crispy milanesa that elevates it to craveable status .

If you're looking for a lighter yet flavorful bite, the **Molletes** section on the Chill & Combi Menu delivers perfectly. The **Molletes Clásicos**-toasted bread slathered with refried beans and manchego cheese-is simple but deeply satisfying . Fancy something more indulgent? The **Molletes con Chilaquiles**, **Molletes con Chilaquiles y Milanesa**, or **Molletes con Milanesa** all layer on more texture and flavor, perfect for a hearty brunch or sharing with someone special .

No great meal is complete without a refreshing drink-and Chill & Combi's **Bebidas** are thoughtfully curated. The **Jugo Combi**, a delicious blend of orange and strawberry, is a fruity standout with one of the highest “thumbsup” ratings on Uber Eats . The **Jugo de Naranja** offers pure citrus brightness, while the **Licuado de Plátano y Café**, **Licuado de Fresa**, and the velvety **Licuado Plátano con Café** provide indulgent, energizing sips. For a cozy sip, the traditional **Café de Olla** with its warming spices is a perfect companion to any dish .

In summary:

The **Chill & Combi Menu** shines brightest through its chilaquiles-especially the beloved chilaquiles con milanesa-but the menu is beautifully balanced with egg dishes, bold “platos fuertes,” inventive tortas, comforting molletes, and refreshing or warming beverages. The vibe here is friendly and welcoming, making it easy to imagine yourself lingering over a hearty breakfast, laughing with friends, or starting your day with a flavorful escape.
