Stepping into Restaurant Caballo Loco feels like discovering a wellkept secret in the heart of Chihuahua’s Zona Centro. The moment you walk in, the aroma of freshly brewed **café de olla** invites you to sit and unwind. It’s clear early on that this place takes pride in its **Restaurant Caballo Loco Menu**, offering an authentic, home-style dining experience that’s both comforting and genuinely exciting.

A standout is the traditional **menudo**-rich, hearty, and made with care. Reviewers can’t stop raving about it: “The food was delicious, especially the traditional menudo, 100% recommended” . Paired with a steaming cup of **café de olla**, sweet and spiced just right, it’s the kind of breakfast that warms you from within-even without added sugar .

But the delights don’t stop there. The menu reads like a love letter to traditional Mexican flavors. You’ll find mouthwatering **tacos** options-**Tacos de Bistec**, **Chuleta Asada**, **Alambre**, **Tacos al Pastor**, even a

generous **Chamorro de Puerco**-each served as a 200-gram portion with tortillas, half a potato, and grilled sausage, all beautifully grilled with the house's signature touch .

Craving something more substantial? The **cortes** section delivers. Imagine indulgent **Rib-Eye**, **TBone**, **Sirloin**, **Res Chuletas**, **Arrachera Marinada**, or smoky **Costillas de Res**, all grilled to perfection, accompanied by vapor-fresh vegetables, hearty charro beans, and that ever-reliable halfpotato side . It's comfort and indulgence in one satisfying plate.

For mingling with friends or tasting a bit of everything, the **Plato Especial** steals the show. It's a beautiful sampler of regional favorites: a quesadilla with chile pasado, chile verde with melting cheese, northern-style machaca, creamy guacamole, and charro beans with cheese-perfect for sharing or as a hearty appetizer .

Lighten things up or refresh your palate with their **Guacamole** served with crunchy totopos, the region's iconic **Quesito Fundido** (gratinated Chihuahua cheese, with or without local chorizo), the classic **Quesadilla con Chile Pasado**, or a creamy **Chile Verde con Queso** served with flour tortillas. There's also a crisp **Ensalada Primavera**-a delightful mix of lettuce, tomato, cucumber, carrot, Chihuahua cheese, and croutons dressed to your liking .

And yes-**enchiladas** make a worthy appearance too. You can choose between **enchiladas suizas** or **mexicanas**, drenched in traditional red sauce, served with beans and salad for a fulfilling, comforting bite .

Beyond the menu's treasures, the overall experience brings a smile. One visitor shared how the entire place feels warm and welcoming-"very warm, the attention... was excellent! Very attentive...
